

IF25-22017

PENGEMBANGAN APLIKASI MOBILE

PERTEMUAN 16

UAS: Final Demo Day

Presentasi, Live Demo, Code Review & Q&A

Program Studi Teknik Informatika
Institut Teknologi Sumatera
Tahun Akademik Genap 2025/2026

CONGRATULATIONS!

You've completed the course!

Journey Completed:

- ✓ 10 weeks of learning KMP & Compose
- ✓ 5 project sprints
- ✓ Complete mobile app built from scratch
- ✓ Today: Show the world what you've built!

TODAY'S AGENDA

5 min

Opening dan Instructions

~120 min

Team Presentations (10-15 min each)

15 min

Break

10 min

Feedback & Closing

Goal: Every team gets to shine and demonstrate their hard work!

PRESENTATION FORMAT

1-2 min	Introduction Team, app name, problem statement
1-2 min	Features Overview What your app does
5-7 min	Live Demo Show the app in action!
2-3 min	Technical Highlights Architecture, interesting code
2-3 min	Q&A Answer questions from panel

GRADING RUBRIC (35% of Final Grade)

Component	Weight	Criteria
App Functionality	30%	All features work, no crashes, polished UX
Code Quality	20%	Clean architecture, proper patterns, tests
Demo & Presentation	25%	Clear, confident, smooth demo flow
Technical Depth	15%	Good decisions, problem-solving shown
Q&A Response	10%	Understand code, answer correctly
★ Bonus: iOS demo (+5%), Exceptional polish (+5%), Play Store ready (+5%)		

DEMO TIPS

Start with impact

Open with what makes your app special

Narrate as you go

Don't click silently - explain what you're doing

Stay calm if things break

Acknowledge, explain, move on gracefully

Watch your time

Practice to fit within 10-15 minutes

Involve all team members

Everyone should speak/present something

End strong

Summarize key points, thank the audience

? EXPECT THESE QUESTIONS

- Why did you choose this architecture?

- How do you handle errors/offline mode?

- What was the most challenging part?

- How would you improve this app?

- Why KMP instead of native/Flutter?

- How did you divide work in the team?

- What did you learn from this project?

- How do you ensure data consistency?

PRESENTATION ORDER

Order will be determined by:

Random draw at the start of class

OR

Volunteer teams go first

Note: First teams get more time flexibility,
last teams benefit from seeing examples!

Be ready to present at any time - preparation is key!

WHILE OTHERS PRESENT

✓ DO:

- Pay attention
- Take notes on good ideas
- Think of constructive questions
- Be supportive
- Learn from others

✗ DON'T:

- Use phone/laptop
- Talk during presentations
- Leave the room
- Distract presenters
- Be negative

Peer Evaluation:

You may be asked to vote for:

- Best App
- Best Demo
- Most Creative
- Best Technical Implementation

LET'S BEGIN!

First team, you're up!

Good luck everyone! 🍀

BREAK TIME

15 minutes - stretch, refresh, prepare!

BEST APP

Most complete, polished, and useful application

Winner: _____

BEST DEMO

Most engaging and professional presentation

Winner: _____

MOST CREATIVE

Most innovative and unique concept

Winner: _____

BEST TECHNICAL

Best architecture and code quality

Winner: _____

WHAT YOU'VE LEARNED

✓ Kotlin Multiplatform

Cross-platform development

✓ Compose Multiplatform

Declarative UI

✓ MVVM Architecture

Clean code patterns

✓ Networking

REST APIs with Ktor

✓ Local Storage

SQLDelight & DataStore

✓ Testing

Unit & UI tests

✓ AI Integration

Smart features

✓ Project Management

Sprints, Git, teamwork

 **You now have skills to build real mobile apps!**

These are industry-relevant skills used by companies worldwide.

WHAT'S NEXT?

Publish Your App

Google Play Store, App Store

Keep Learning

Advanced KMP, iOS development, backend

Build Portfolio

GitHub, personal website, LinkedIn

Join Communities

Kotlin Slack, Android dev groups

Enter Competitions

Hackathons, app challenges

YOUR FEEDBACK MATTERS

Please provide feedback about this course:

- What worked well?
- What could be improved?
- Pace of the course?
- Project difficulty?
- Support and resources?
- Any specific suggestions?

Your input helps improve the course for future students!

(Feedback form will be shared via e-learning)

TERIMA KASIH

It's been a pleasure teaching you!

*"The beautiful thing about learning is that
nobody can take it away from you."*

- B.B. King

CONGRATULATIONS

Class of 2025/2026

Pengembangan Aplikasi Mobile

You did it! 🎉
